OBJECTIVE

I am a B.Tech final-year student in Information Technology with a strong interest in Full Stack Development. I have knowledge of the MERN stack and am continuously learning new technologies to improve my skills. Although I haven't built major projects yet, I am eager to gain hands-on experience and work on real-world applications. My goal is to become a skilled software developer and contribute to innovative projects.

EDUCATION

Bachelor of Technology in Information Technology. Rv Institute Of Technology, Bijnor	2021-2025
CBSE, Class XII Modern Era Public School, Bijnor	2021
CBSE, Class X Modern Era Public School, Bijnor	2019

PROJECTS

TO DO LIST APP

The To-Do List App allows users to add new tasks, mark them as complete, and delete them when no longer needed, making task management simple and efficient.

It features a clean and user-friendly interface, ensuring a smooth experience while organizing daily tasks and boosting productivity.

Built using React.js, the app is fast, responsive, and scalable, making it a reliable tool for managing personal and professional tasks.

PERSONAL PORTFOLIO

The portfolio showcases my skills, projects, and experience in Full Stack Development, highlighting my expertise in the MERN stack.

It features a clean, modern, and responsive design, ensuring a seamless experience across all devices.

Built using React.js and other latest technologies, the website is fast, interactive, and serves as a professional representation of my work.
